

OUR SELF-EVALUATION REPORT AND IMPROVEMENT PLAN

In the last year, 2018-19, we have looked at teaching and learning in our school in the area of Physical Education to find out what we are doing well. This is what we discovered:

- Pupils enjoy the Physical Education programme provided within the school and are motivated to partake in all activities
- Pupils are motivated to take part in the Active School activities
- There is a strong focus on the strand of 'Games' in the school and with a variety of activities offered throughout the year
- Staff regularly engage in CPD and share their expertise with colleagues
- We have excellent PE facilities in the school i.e. hall, pitches, yards, running track but our basic P.E equipment needs to be upgraded

This is what we did to find out what we were doing well, and what we could do better:

- We are very good at providing a variety of physical education activities within the school and all pupils are included in our activities
- We have teachers with vast expertise in the area of Physical Education
- We need to develop our confidence and competence to teach Gymnastics and Outdoor and Adventure activities within the school
- Boys need to be taught to accept winning and losing through our teaching of Physical Education

This is what we are now going to work on

- Developing the Fundamental Movement Skills of children through gymnastics, but focusing on skills to be transferred across all strands
- Providing teachers with a set of useful resources for Gymnastics and Outdoor and Adventure activities
- Pre-teaching of specific skills before games/activities
- Teaching pupils to be respectful through winning and losing
- Teaching pupils to be respectful of peers, staff and coaches
- Developing a yearly P.E plan for the school that will ensure that all strands are covered annually

This is what you can do to help

- Encourage your child to partake in all activities within Physical Education
- Promote all activities and extenuate the positives
- Encourage your child to develop their skills further by becoming involved in local clubs/organisations
