

OUR SELF-EVALUATION REPORT AND IMPROVEMENT PLAN

During the school year 2023-24 we reviewed the area of wellbeing in our school.

This is what we discovered:

- The school is welcoming and accessible for all pupils, staff and parents.
- The school is bright and colourful.
- Pupils feel safe in our school and the school is committed to the prevention of bullying.
- Staff and pupils interact with each other in a calm and respectful manner
- The school sees health and well-being as important.
- The school promotes healthy eating and physical activity
- Staff communicate very well with parents
- Parents are encouraged to be involved in initiatives in the school
- Pupils know who to speak to if they have a worry
- Space is provided to pupils for quiet time
- There is a positive approach to behaviour management where issues are resolved with respect, fairness and consistency
- The school has an ethos of respect and acceptance of difference
- Staff and parents are informed about school policies such as Child Protection, AntiBullying
- Staff and parents' views are accessed and listened to in school planning and policy development and implementation
- There are structures in the school which allow parents to have a voice (e.g. Parents Council, parent meetings)
- Parents know who to contact if they have a concern regarding school issues or my child

This is what we did to find out what we were doing well, and what we could do better:

- Teacher Questionnaire and Discussion
- Parental Questionnaire
- Pupil Questionnaire

This is what we are now going to work on

- Provide an opportunity for parents to engage with the school in an informal setting through holding a coffee morning where parents are invited in to the school
- Provide the opportunity for parents to spectate at and participate at the school sports day
- Parents will have the opportunity to represent their culture at a whole school multi-cultural day
- Parents will be invited to attend school exhibitions
- Educational Opportunities for parents will be provided within our school in conjunction with the ETB

This is what you can do to help your child

- Talk to your child about how school is going
- Engage with school initiatives when you are able
- Enquire with your child as to what they are learning about in school and if possible engage with the school to extend the learning opportunity
